

TheRedRubberBallFoundation

This fundraising scheme is run by **Utility Warehouse**.

They provide over 350,000 UK homes and businesses with everyday utilities like phone, internet, mobile phone, electricity and gas.

I've used them myself for many years and found them to have the lowest prices whenever I've compared them to other utility companies.

It works like this:

If you join the Utility Warehouse as a customer, they will pay a one-off cash bonus of £5 to **TheRedRubberBallFoundation**, and then continue to pay up to 5% of your monthly utility bill, every month, for as long as you continue to use their services.

It's as simple as that!

You save money, they get a new customer and you support **TheRedRubberBallFoundation** at the same time.

And there's no minimum contract term, so if you're not totally happy with their service or prices, you can move to another supplier at any time.

It's genuinely win-win for everyone.

Joining the Utility Warehouse is easy. Call them on freephone **0800 131 3000** and they will answer any questions you may have and talk you through the process.

Alternatively, you can **follow this link**, and sign up online.

You'll need to give them our appeal number - **H93341** - to make sure your donation comes to us. Then they take care of everything, seamlessly transferring you over to their services.

This is a great scheme which I hope you will join. You'll save money and it could make a huge difference to our community projects, so please call **0800 131 3000**, and remember our appeal number - **H93341**.
